It's a Friday afternoon, Caleb walks happily in his town when he finds a strange object. It looks like a tv remote but with only one big red button with antenna on the front. Curious, Caleb pushes the red button and suddenly, black out, Caleb suddenly disappears from reality.

When he wakes up, he is at the same place he was at, but everything's wrecked up and destroyed, cars are abandoned in the middle of the road and there is absolutely no sign of life around him.

- What is this place?, says Caleb, Where am i?

He looks around walks in the abandoned street when

He sees a group of peoples walking towards him at approximately 10 meters from him, he says to the group speaking loud:

- Hello, i am lost can you help me i...

suddenly he hears:

- WATCH OUT!

Suddenly something jumps on him and pushes him into a alley,

It's a person with a strange knight helmet covering their face they wears a grey zipped hoodie with the letters, N and U on it, they wears dark jeans and red converses they are approximately the size on Caleb.

The person says:

- One second late and you would be a zombie,
- What? Who are you? What is this? Says Caleb

The person raises their visor and says,

- My name is Cupam, i'm searching a way to leave this world.
- I'm Caleb, you said you want to leav...

THE REMOTE!!! Yells Caleb.

- Be quiet... says Cupam.

- Okay, i got here with a remote by pressing a button, maybe if we press it again maybe we will be teleported in the Normal world again...

- Wait what there is a way out? Says Cupam.
- Yes let me grab my remote...

Caleb takes the remote and shows it to Cupam,

- Are you sure that this thing will take us to the normal world?
- Yes I'm sure. Says Caleb.

-

Suddenly they hears growling sounds coming from the alley.

- Zombies... grab a weapon! Says Cupam taking a big sword from his back.

Caleb looks around for a weapon when he sees a stop sign on the ground, he grabs it and they starts smashing zombies, the combat is very intense... imagine a real zombie combat with blood and all that gore stuff.

When all the zombies are well, dead again, Caleb and Cupam starts talking about the remote again:

- Are you ready to leave this world? Says Caleb,
- HELL YEAH, yells Cupam.

They presses both on the button and...

Nothing happened .

- It didn't worked.. says Caleb,
- Maybe the batteries are dead, says Cupam.

Caleb turns the remote upside down to find out that the battery and the battery door are missing,

- Well, we need new batteries... says Caleb.
- Yes, there is a electronic store a few streets from here, but there are zombies outside... says Cupam.
- Let's DESTROY THEM! Says Caleb,
- Yeah, we are going to make it! Says Cupam.

Caleb bad Cupam goes out on the Main Street with their weapons and starts running and yelling like Vikings... smashing zombies... a lot...

They arrive to the electronic store, and goes inside...

Inside of the electronic store, there is a lot of broken computers and phones, Caleb starts looking for batteries and Cupam guards the front door...

Suddenly Caleb arrives with a pack of brand new batteries, they put it inside of the remote...

- Are you sure the batteries are correctly in? Says Cupam,
- Yes I'm holding them, We need to press the big red button at the same time, are you ready?
- YES! Says Cupam.
- Then 3...
- 2...

They press the button when suddenly, black out again.

Caleb wakes up in his bed with his mom at the side of the bed.

- You are finally up, i was worrying so hard... says Caleb's mom
- Where's Cupam? Says Caleb,
- Who is Cupam? Says Caleb's mom,
- Where did you found me? Asks Caleb

- I found you at the electronic store a few blocks away, you were inconsistent.

- I need to go out. Says Caleb.

Then he jumps out of his bed, goes outside and runs to the electronic store.

On the way, Caleb asks himself

- is Cupam real?

- Was i dreaming?

He arrives at the electronic store. When he enters it, he sees nobody else than Cupam himself!

Caleb ran towards Cupam to hug him
